Typing Contest To Be Sponsored By Bus. Ed. Here On Tues., Jan. 17

Periodically, contests are held at Narbonne which are designed to stimulate interest in a specific subject area which is of general interest to a large portion of the students on campus. The subject area concentration or skill involved in the competitive portion of the contest is selected, primarily, on its relative merits in the categories of popularity and familiarity. These contests provide an opportunity for the potentially talented student to demonstrate an ability which he has acquired, but has not been recognized for, because of the fact that the diversification of comparative events does not include the area which he has cultivated specific abilities in. Contests such as these, though primarily restricted to Narbonne students, are sometimes extended and include inter-school competition; they provide a channel through which more students may honor and serve their school. In this manner, a student often stimulates increased interest in the activities and status that parallels his school.

On Tuesday, January 17, a typing contest will be held, sponsored by the Business Education department. Prizes and school recognition is received by the victors. Take an interest in your school, participate in its activities.

We Observe National Thrift Week From January 16 To 20

The United States is a country which has been formulated upon the doctrines of energetic contribution and conscious reservation. Our fore fathers believed that the founding of a truly great nation could only be accomplished through the efforts of many intelligent persons. They would recognize that the primary attributes of success and solidity are ardent effort, in order to obtain the necessities of life, and also thrift, for, without this factor, perpetual stability cannot be achieved. Because of these potent facts, the act of becoming economic and thrifty has been perpetuated in all facets of American life, since its very foundation.

In order to recognize and commemorate this quality of American thrift, a National Thrift Week was begun. This annual commemorative period, the third week of January, three weeks after the lavish expenditures of the Christmas season, appears at a time when Americans have returned to the economic norm demonstrating their pliability, their power of re-adjustment.

During the present era, a period of unparalleled prosperity, the younger generation, the future leaders of our prosperous culture, must realize the importance of maintaining a durable economy, based upon the principles of ardent labor and constant thrift. Through the program to be held, at which time refreshments were served by the Future Homemakers of America.

The people responsible for the success of this event were Mrs. Margaret Wagnus, Mr. Douglas Penny, and Miss Jane Kraska. A debt of gratitude is certainly owed them and all others in connection with the tea for their time and effort.

You May Borrow Up To 1,500 On Federal Guaranteed Loan Plan

Do you want to go to college? But do you have a problem called money? The federal government wants to help you through their Guaranteed Loan Program. Their main purpose is to provide the means for you to borrow money for college at low interest cost, while the Federal Government pays part of the interest for qualified students. All you have to be is enrolled or accepted for enrollment in an eligible public or private college or university. This applies also to vocational training schools.

You may borrow up to \$1,500 a year, depending on your courses and the loan program. This loan does not have to be repaid until nine to twelve months after you leave school, and then on an installment plan.

For more information on the Guaranteed Loan Program, and many other programs, see Mr. Lubin in the Counselor's Office.

Key Club Distributes Goods Worth \$15,000 To 70 Local Families

Frank Hurri, Key Club President, expresses sincere thanks to all students and faculty members of Narbonne High for the outstanding success of the Christmas Basket Drive, completed on December 16, 1966.

Some 70 Lomita-Harbor City families were made happier by these special gifts. Mr. Roy Blinn, Key Club sponsor, estimates that the Drive distributed goods worth nearly \$15,000. Over \$1,150, in cash, was given during the drive by the various homerooms to purchase turkeys, butter, and milk products for these families. He said that in addition to the local Kiwanis Club that the Lomita Lions and Lomita Rotary Clubs, the Harbor City Chamber of Commerce, the Narbonne P.T.A., the Guys and Gals Square Dance Group, and other interested friends had contributed money and goods to the drive. These community-minded groups helped the school in securing sheets and blankets to round off these many baskets.

Narbonne students and faculty have once again earned a deserving "Well Done".

Senior Mothers' Tea Is Delightful Affair

The Senior Mothers' Tea, quoted as the "social event of the season" for the departing upperclassmen took place yesterday in the Multipurpose Room Vincent Okamura, Senior Class president, served as the master of ceremonies and began the program by introducing Narbonne's principal, Mr. Richard H. Nida.

Following Mr. Nida's welcome address, the tea was highlighted with musical entertainment by June Garcia, Arenda Paysinger, Dianne Pennington, Candy Wicklund, and June Garcia. Gwen Mills then presented an appropriate tribute to Mothers. The talents of Dianne Pennington, and Jan Wahl. (Continued next column)

SEEING THAT EVERYONE CAN HAVE HIS DAY IN COURT are these members of the W-67 Student Court. Reading from the left, they are: Ron Okamura, Associate Justice; Don Ho, Chief Justice; Barry Gonzales and Rick Bowers, both Associate Justices. We are all grateful for this living proof that justice is not blind.

Our Booster Club Should Support All Sports Teams At Narbonne

At the recent night basketball game, I noticed on the Gardeas' side a sign which brought a few questions to mind. The sign read "Booster Club" and the main question is: Why does the Narbonne Booster Club only support football? Are the other sports not worthy of this support? I think not. Surely basketball, baseball, track, etc. deserve the support of the Booster Club, as well as the student body.

This is especially true in the spring semester when Narbonne usually goes down in the sportsmanship ratings. At one of the track meets last semester, you could count the number of Narbonne spectators on your fingers. If the Booster Club gave their support to this sport, the attendance should increase greatly.

So come on, Booster Club, don't be so one-track-minded. Support not only football but all Narbonne sports

RULES TO QUARREL BY:

By the Ingenue Student Press Service

Would you believe--there are rules for quarreling? And if a boy and a girl know how to argue intelligently, they can end up better friends.

The editors of Ingenue Magazine suggest 10 ways to have a valuable quarrel by really trying:

1. Don't try for a victory. Approach an argument as a problem which has to be solved.
 2. Never make blanket accusations (ie. "you always do that" or "you never help"). Stick to the problem at hand.
 3. Never quarrel in public. It's rude, it makes "winning" a matter of personal pride, and you're apt to "play" for an audience.
 4. Don't exaggerate. Why make things worse than they already are?
 5. Keep your temper reined in at all costs. Walk away from anyone who shouts and the shouting will stop.
 6. Don't assault his masculinity/her femininity. Nobody wants to be compared to anyone else.
 7. Don't ask for a third party's verdict. A quarrel is a private matter.
 8. Don't involve his/her family, unless it is absolutely essential to the subject of the argument.
 9. Don't play the "peace above honor" game by compromising your own identity and self-respect. No one respects a doormat.
 10. Don't ever say, "If you really liked me, you'd..." Affection isn't quite the question. If it were, you wouldn't bother arguing, but would find somebody you really like to quarrel with.
- When it comes to making up--you're on your own!

NARBONNE'S VARSITY BASKETBALL SCORING ACE is Steve Kegley, No. 44, shown above making a sure two points in a recent game against Jordan High on our home court. Coach Lee Probert tells us that Steve has a 24.6 point per game average in Marine League competition and is scoring close to 30 points per game for the entire season so far. The Gauchos get on a victory trail with their recent win over Banning. Let's get out and support our fine basketball team.

All Gaucho Cage Teams Lose To Gardena

GARDENA
Narbonne's Varsity basketball team lost to the Gardena Mohicans 118-74, Friday, January 5, on the Mohican's court.

In the second period, the Gauchos' fine team came within four points of the Mohicans before time ran out.

Outstanding for the Gauchos was Steve Kegley, forward, scoring 25 points. Following him was Carl Valliere, guard, with 19 points to his credit. Following him was Larry Haslen with 14.

The Gauchos are hopeful of a win today against the Jordan Bulldogs. The game will be played on our court, come out and support our fine team.

Our Junior Varsity players also lost to the Mohicans. The game was also played on the Gardena court. This squad will be making up the varsity team next season.

BLENDED THEIR VOICES IN JOYFUL SONG are these 45 members of the Girls' Glee Club, who performed so well at the Christmas Program presentations. They also looked good. In addition to the regular black skirt, each girl wore a gold poncho which she had made herself. Mrs. Bonnie Foster directs this group, as well as all the other vocal organizations here.

Boys Win Luggage Day Honors For 4th Straight Semester

The fighting is over, and the results of Narbonne's annual battle of the sexes are in. For the fourth straight semester the boys of V. H.S. have triumphed over the dejected girls.

The popular Luggage Day contest was held on January 5 and January 6. It involves the whole student body. The Boys' and Girls' Leagues' spearhead their respective contestants. The object of each league is to sell their stock of luggage tags before the opposing force sells theirs. This action takes place on January 5. Tags are sold for five cents. The victor of this contest of salesmanship reaps glory for its supporters. The day following the contest is the payoff. The members of the winning

league may use their purchased tags to check their books with any member of the other league. The person to whom a tag is presented must comply with the requests of the presenter. This usually involves the carrying of the prescribers books to his or her next class. A tag is good only once.

As in the past, the boys won the most recent Luggage Day. Hundreds of girls came to be unwilling slaves for unmerciful boys. Many girls were reported to have been seen totting stacks of books several feet high.

But revenge is already being planned at the Girls' League camp. Good luck, girls!

Four Gauchos Named To M. L. Football Team Two Rate All - City

We are proud to announce that our fine Varsity Football team has placed four men on the first and second All-Marine League teams. Jim Guillou and Marty Nakazawa were named to the first team. Lynn Hughes and Gary Bergon were named to the second team.

Jim Guillou was placed at end, but played halfback for our Gauchos. Jim started the season at quarterback, but was switched to halfback, where he played outstanding ball the remainder of the season.

Marty Nakazawa was placed at guard. He played outstanding both on defense and offense for the Gauchos all year.

Lynn Hughes was named as a back on the second team. Lynn consistently ran for that one or two yards the Gauchos needed, crashing through the opponents' defense.

Gary Bergon was named at tackle on the second team. He was the key man on many of our off-tackle runs, opening the holes for the running backs.

We would also like to announce that Jim Guillou and Marty Nakazawa were named to the second team All-City. Jim at end and Marty at guard.

Varsity And J.V. Cagers Win From Banning

BANNING
Narbonne's Varsity Basketball team swamped the Banning Pilots 82-67. Banning hosted the Gauchos Friday, December 15.

The Gauchos never had to play catchup the entire game, leading all the way. Steve Kegley lead all scorers with 34 points from the floor. Carl Valliere and Larry Haslen followed with 22 points each.

This was the first win for the fine Gaucho five. They are hopeful of winning the next five games and they then may have a shot at city action.

J. V.'s vs. BANNING
Narbonne's Junior Varsity squad also walked away with a win 78-66. This also was the J.V.'s first win of the season.

Leading the Gauchos to their win was Jack Peres with 28 points—a personal high for Jack. He followed by Craig Gerson, who had 19 points for the game. The Gauchos were behind only once during the entire game, but quickly overtook the fading Pilots, to go on to their first win.
