Dear Dennis,

I just had to say I am in awe of all the work you and your wife have put into the class website. I was just looking at all the new things you have added. I am just glued to my chair as I am looking at all

the senior photos of both summer and winter classes. I had so many friends in the summer class, too. I lost all my yearbooks, both Fleming and Narbonne in the late 60's. 1968 and 1969 were very bad years for me. I have had nothing but my questionable

memory to remember names and faces. This has just been wonderful to look at all these dear faces, many of whom I had completely forgotten. I just wanted to say thank you, thank you, thank you!!!!

## The Pride A virtual city on water '68 Grad Class Mexican Riviera Cruise

The day after our High School Reunion, April 5th 2008, a 7day Cruise will Sail Sunday April 6th out of long Beach next to the "Queen Mary". The name of the ship, "The Pride", is a virtual city on water.

### Sunset or Sunrise?

Sunrise and Sunset's are always scenic and make great backdrops for pictures.

All of the pictures on this page were taken by a home digital camera by Dennis Webb on the Ship "Carnival Pride" Right. The Cruise was taken May 2006.

\*\*\*\*\*

What makes it a real cruise is surrounding yourself with friends and relatives. A one week vacation of no dishes, no bed making and no honey do'. Eat sleep and exercise when you want. Stay on the ship the whole time or take some of the shore excursions.
